

Dear Valued Clients,

As your veterinarians at Animal Care Center, **Dr. Remsen and Dr. Kemble** are committed to providing the best possible care for your pets. Our doctors understand that visiting the vet clinic can sometimes be a stressful experience for both pets and their owners. We strive to create a calm and comfortable environment for every cat, dog, or human that enters our clinic.

If you notice that your pet tends to become hyper, wound up, nervous, or anxious about coming to visit us let us know ahead of time, so we can make the necessary arrangements for your pet. Our doctors will provide your pet with a **complementary** medication or supplement to help calm your pet before their visit. It should be administered approximately **90 minutes before** your scheduled appointment.

By taking this proactive step, we aim to make your pet's experience at our clinic as stress-free and comfortable as possible. Please feel free to reach out to us at **Animal Care Center** via text or call us at **(775) 575-5851** to discuss any concerns or to inform us about your pet's needs before their appointment.

Thank you for entrusting us with the care of your beloved pets. We look forward to seeing you and your furry friends soon.

Tail-wagging gratitude,

Animal Care Center  
805 E Main St Suite D  
Fernley, NV 89408
