Wellness Plans

Keeping your furry family member happy, healthy, and fit takes a commitment. The wellness plans at Animal Care Center make achieving this goal easier and more affordable.

We offer several different plans to choose from, designed to fit your pet's unique health care needs as well as your budget. As a bonus, you'll also enjoy additional discounts with all of our wellness plans (some exclusions apply).

What are wellness plans?

Unlike insurance, wellness plans are designed to provide your dog or cat with the proactive care necessary to prevent disease and provide early diagnosis of certain conditions. They are not designed to cover unforeseen injury or illness, but rather to help keep your loved one a step ahead of such issues whenever possible.

Our wellness plans also make managing the ongoing health of your pet more affordable. Not only because they are priced to provide a discount on routine care, but because it's less expensive to prevent illness than to treat it after the fact.

What is included?

We offer pre-packaged plans for puppy and kitten wellness as well as adult dogs and cats. All wellness plans feature the fundamentals of preventative care, including annual checkups, core vaccinations and proactive health screenings.

For a complete description of each plan's coverage, benefits, and pricing, contact us.

How do I enroll?

Enrolling in one of the wellness plans at Animal Care Center is easy. Simply mention it at your next appointment or contact the office today for assistance.

Take the worry out of pet care!
